

BEACHCOMBER

Waterports™

FOR PERSONAL, CUSTOMIZED JET CONFIGURATIONS

Each Massage Insert has between one and seven jets for ultimate flexibility.

The seating pattern of each model has been designed to offer the most versatility to allow you to customize your own jetting package, at no cost to you.

All WaterPorts feature our internal Double Seal Gasket, for the very best water-tight jet body fit available in hot tubs today.

Verta-Sage™ neck massage is powerful, adjustable, and pointed just where you want it.

EcstaSeat™, standard on 700 series hot tubs, gives you from 6 to 42 jets; change the massage inserts and you change the massage to your personal taste.

Powerful thigh and shoulder massage to relieve the sore muscles in your body.

Big, Lumbar-directed massage inserts are easily re-positioned to allow you to customize your own seating.

Beachcomber's Flagship luxury model 750, shown here in beautiful Alabaster.

Hear about the care and attention in every hand built Beachcomber. This DVD is a moving tribute to the men and women who build our product.

You Choose the Number, Placement and Massage Jets You Want

Keith Scott

Founder,
Beachcomber Hot Tubs

Beachcomber gives you options to customize your own jetting patterns to your personal taste. Our Waterport system gives you the flexibility to choose your best therapy and relaxation, with the number of jets you want. There is no extra cost, simply design your own favorite seat!

Get the massage you want, when you want it!

Full Power or No Power, Adjustable at Every Massage Insert

With most Massage Inserts, you can adjust them from full power to no power and anything in between. This lets you create the intensity and spray of your massage to your desire.

Four Sizes of Massage Inserts

Beachcomber designers 'reverse engineer' our hot tubs. Instead of trying to put as many jets in each seat as possible, we try to create a different type of massage with each seat in each model. Then we decide which Massage Inserts will accomplish that best and apply the correct hydro massage for each jet location. We have a wide range of massage options to choose from, with four sizes of Massage Inserts and up to four different styles in each series.

Versatility, Simplicity and the Best Massage

Our exclusive WaterPorts combined with our Enerjet Massage Inserts let you customize the number of jets, the intensity of the massage and width of body spray. Pick the Massage Inserts that you like best, put them in the WaterPorts of the seat you like best and you have a customizable jetting package at no extra cost to you.

Choose the Number of Jets in your Hot Tub

The EcstaSeat™ below has six main WaterPorts with interchangeable Massage Inserts. Each one can have between one and seven jets, giving you the option of having between six and 42 jets in this one seat!
